

Save the Dalmatians & Others Canine Rescue, Inc. Foster/Adoption Questionnaire Form

If you are interested in adopting or fostering one of the dogs that are available from Save the Dalmatians and Others Canine Rescue please completely fill out this form and submit it to us at info@savethedals.org.

Your completion and submission of this form does not guarantee that we will place one of our dogs in your home for permanent adoption. This is just the first step in our foster/adoption process. The next step may be a prefoster/preadoption home check by our home check coordinator (most often done via Facetime).

If you are not an adult, or the person living in the adopting home, please don't fill this form out: it must be completed by an adult homeowner/renter, or their proxy.

Due to logistics and transportation costs we generally place our rescued dogs in the California area. Although, we will accept applications from outside the area, and if it is determined to be a good fit for both the foster/adopter, and the dog, Save the Dals will consider placing the dog outside of California.

Adoption fees range from \$275 to \$450+., with the higher end being for younger, healthy, puppies, or dogs we have had to spend additional amounts on for training, etc. Save the Dals is a nonprofit organization that incurs costs that almost always exceed the adoption fee charged for each dog. These costs include shelter adoption fees, vaccinations, spaying & neutering, transportation fees, boarding fees, microchip, food, veterinary care, and more.

Please complete all questions before submitting this form to us. If you have any questions please e-mail us at info@savethedals.org.
